

(1) **EU-Type Examination Certificate**

- (2) Equipment or protective system intended for use in potentially explosive atmospheres - **Directive 2014/34/EU**
- (3) Certificate number: **SEV 16 ATEX 0128**
- (4) Product: Pressure measurement transducer Type 525.****4****, 525.99***
- (5) Manufacturer: Huba Control AG
- (6) Address: Industriestrasse 17, 5436 Würenlos, Switzerland
- (7) The equipment and any acceptable variation thereto is specified in the schedule to this certificate and the documents therein referred to.
- (8) Eurofins, notified body No. 1258, in accordance with article 17 of Directive 2014/34/EU of the European parliament and of the council, dated 26 February 2014, certifies that this product has been found to comply with the essential health and safety requirements relating to the design and construction of products intended for use in potentially explosive atmospheres given in Annex II to the Directive.
The examination and test results are recorded in confidential report no 21CH-00563.X04
- (9) Compliance with the essential health and safety requirements has been assured by compliance with:

EN IEC 60079-0:2018
EN 60079-11:2012
EN 60079-26:2015

Except in respect of those requirements listed at item 18 of the schedule.

- (10) If the sign «X» is placed after the certificate number, it indicates that the product is subjected to special conditions for safe use specified in the schedule to this certificate. The sign "U" is placed after the certificate number. It indicates that this certificate must not be mistaken for a certificate intended for an equipment or protective system. This partial certification may be used as a basis for certification of an equipment or protective system.
- (11) This EU type examination certificate relates only to design and construction of the specified product. Further requirements of this directive apply to the manufacturing process and supply of this product. These are not covered by this certificate.
- (12) The marking of the product shall include the following:

 II 1/2GD Ex ia IIC T4 Ga/Gb
Ex ia IIIC T120 °C Da/Db

Eurofins Electric & Electronic Product Testing AG
Notified Body ATEX

Appendix

(14)

EU-Type Examination Certificate no. SEV 16 ATEX 0128

(15) **Description of product**

The Pressure Measurement Transducer (PMT) is used for industry applications for the measurement of pressure from – 0.3 to +1 bar relative.

Typical applications are machine building, energy management, water supply, chemistry, pharmacy, HVAC.

The measured medium can conform to category 1 G (zone 0). The PMT can fulfil the task of zone separation 1/2 G.

The pressure measurement transducer is based on the following main components:

- Process connection in stainless steel
- Case in stainless steel
- Pressure measuring cell in ceramic
- Electronic circuit board in FR4-material / sensor-PCB and EMC-PCB
- Electrical plug connector resp. cable in plastic

Pressure range: -300 ... 0 mbar / 0 ... +50 to 0 ... +1000 mbar relative

Process connections: (outside= outside thread; inside= inside thread)

G1/2" outside, G1/4" inside, G1/4" outside, G1/8" outside, 1/4"-18 NPT outside, R1/4" outside

Further process connection differing to the above mentioned thread diameters in the same material according to ATEX regulations are possible.

Electrical connection:

M12x1, DIN EN 175301-803-A, DIN EN 175301-803-C, cable quick connector, cable quick connector with cable.

The power for the pressure transducer has to be supplied over a certified intrinsically safe circuit „ia“.

|---------------------------------------------------------|-----------------------|
| Classification of installation and use: | stationary |
| Ingress protection: | IP65, respective IP67 |
| Rated ambient temperature range (°C): | -25 °C to +85 °C |
| Rated ambient temperature range (°C) for Ex Components: | N/A |

(16) **Report number**

21CH-00563.X04

(17) **Special conditions for safe use:**

none

(18) **Essential health and safety requirements**

In addition to the essential health and safety requirements (EHSRs) covered by the standards listed at item 9, the following are considered relevant to this product, and conformity is demonstrated in the report:

| Clause | Subject |
|--------|---------|
| None | |

(19) **Drawings and Documents**

See test report "Manufacturer's Documents"
